

Please complete this form to indicate your interest in joining the Flying Geckos Climbing Club.

Submission of this form does not indicate confirmation of membership.

As a voluntary club, we are limited in the numbers of youth members that our volunteer support adults and coaching staff can realistically support. We therefore have to limit our intake of new members to approximately 20 per term. If unsuccessful in joining the club this term, you can opt to go on to our waiting list for consideration first next term.

Club membership includes instruction and coaching by our trained club volunteers along with use of club equipment (shoes, harnesses, ropes and quickdraws).

If invited to apply to join, you will receive an email from [membership.geckos@gmail.com](mailto:membership.geckos@gmail.com) at the address you have given below asking you to complete your membership registration online using our Sportlyzer membership system, including digitally "accepting" the membership agreement which sets out expectations of behaviour, commitment to training, safety, risk, etc. You can also contact the Membership Officer, Conor Boyd, on 0220 422 693 for more information.

The YMCA handle payment of term membership and one-off joining fees on behalf of the Club.

There is a one-off joining fee of \$20.

Term fees currently are \$15 per term.

Paid membership of the Flying Geckos Climbing Club does not include entry fees to the YMCA. You are still responsible for paying entry fees to the YMCA for climbing sessions you participate in.
